1. Silver in Czechoslovakia is sold without restriction up to 100 grams. Larger quantities of silver and any quantity of gold can be sold only with special authorization from the National Bank.
2. The official price of pure gold is 50 crowns (Kcs) per gram. Fourteen karat gold is 30 crowns per gram.
3. Privately owned gold can be sold to any state-owned jewelry shop or to the Dazex company. The latter method is preferable because gold can be traded against relatively low priced merchandise. In any case, the seller is asked to give his name and address. It is insured that the government will take stock of all privately owned gold.
